For Stylish Women

THE "tailor-made" gown is essentially an American production, and, as we told you last week, New York gives lessons to both Paris and London in this branch of costuming.

If we may accept what you yourselves say of our showing in Spring suits, it is not only the largest, but far-and-away the richest and best in New York. That makes it the best in the world; -- a standard that we have been reaching for.

Unless you have seen these latest productions shown here, you can have no idea how elaborate and how beautiful a ready-to-wear gown can be. There is nothing even of last season to which they can be compared. Our designers have not only surpassed their rivals, they have surpassed themselves.

At \$10-Of cheviot serge, blue and black; fly-front jacket, carefully tailored and silk lined; skirt percaline lined.

Others priced up to \$102.

Spring Jackets for All ready! Women and Girls day's weatheris anything like Tuesday's, you'll be ready, too.

We choose jackets as we do suits and costumes,-that is, by a process of elimination that leaves us only with the best. We have no hesitation whatever in admitting to you that we look at style and finish before we look at cost. The pricemark will adjust itself,-the designing and the cutting and the fitting will not.

This is not to say, of course, that our prices are high. Look, for example, at the jacket that we sell at \$7.50 and see if you ever saw anything better worth the money. And that is true all the way up. But we pick first, and we pick for goodness and exclusiveness and stylishness instead of cheapness. Our mercantile methods and opportunities will take care of the cheapness.

You will like these jackets. Look at these for examples:-

At \$7.50—Of black cheviot; fly front; plaited and slashed back; stitched seams; lined with black rhadame.

At \$10—Of tan herringbone cheviot; fly front; coat back; lap seams; lined with colored satin serge. Also of black cheviot; double-breasted reefer front; coat back; lined with black satin serge.
At \$12—Of covert cloth; new reefer front;

coat back: lined with colored satin serge At \$15-Of silk finished black Venetian cloth; fly front; coat back; strap seams; lined with black taffeta.

At \$18-Of covert cloth; the new Mamby reefer front; new plain back; inlaid velvet collar; strap seams; lined with light blue

The original impetus was given by some of the best silk offers-largely in new silks-that we have known in a season.

A large majority of the offers are still good. In brief, it means take your choice from a huge variety of Spring siles at about a third under
